## Mission

Jewish Family Service of Greater New Orleans (JFS) is a social service agency dedicated to preserving, strengthening and enhancing the well-being and self-sufficiency of individuals and families at every stage of life.

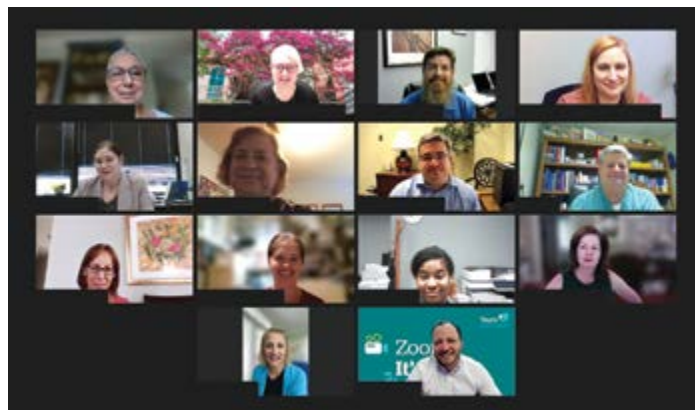

Jewish Family Service is a constituent agency of the Jewish Federation of Greater New Orleans and a community impact partner of United Way of Southeast Louisiana.

## History

Jewish Family Service was initially created when the Jewish Children's Home closed in 1948. JFS became a separate organization, with its own 501 (c)(3) status in 1976, and opened its doors to people of all faiths in 1982. JFS now serves Greater New Orleans individuals and families regardless of race, religion, disability, gender, or sexual orientation. Services are available on a sliding-scale fee based on household income.

Through the years, the scope of the agency has increased tremendously. JFS helps the community strengthen the family and the individual to reach their full potential through various programs and services including: providing individual and group counseling, educating our young people about depression and suicide prevention, promoting independence for the elderly, providing case management, and assisting in adoptions.

# Letter from the President & Executive Director

*Dear Friends,*

On the morning of Friday, August 27th, 2021, friends and family called and texted us with the same question, “are you staying or going?” Meteorologists and local officials issued warnings. Staff popped their heads into my (Roselle’s) office and asked what to expect.

The sky was a slate gray. A strong storm barreled toward us on the very anniversary of Hurricane Katrina. This was a massive blow after a year and a half of a pandemic and a different violent hurricane, Laura, had impacted our neighbors to the west. If nothing else, our staff could expect the best from our community and from each other.

While Hurricane Ida was a daunting prospect, we knew from experience that our community would prevail. Within 48 hours of Hurricane Ida, our staff contacted almost all of our clients, touched base with community organizations, and held a staff meeting. We shared resources, helped people get in touch, and checked on the elderly and vulnerable. As the long-term recovery began, we found national partners to provide emergency assistance. Our well-oiled machine not only moved forward but made true progress.

Before the storm hit, we knew we could trust our network of care because of the engagement and generosity of our donors. Supporters just like you enable us to respond to crises quickly and to provide long-term care once the worst is over. Some highlights of your support include:

- Providing needs-based emergency financial assistance to members of the Jewish community impacted by Hurricane Ida, with financial support from the Jewish Federations of North America (JFNA) and the Jewish Endowment Foundation.
- Distributing Shabbat dinners to community members with financial and mobility challenges through our Honor Thy Mother: Pay It Forward program during August 2021.

There is so much need in our region right now. The fallout from the pandemic manifested in challenging and unsuspecting ways. Our youth desperately need our attention and support. Hurricane recovery drags on while new storms brew in the Gulf. Polarization divides our nation and our communities. We, however, are filled with hope. Time and again, ordinary members of our community go to extraordinary lengths to support our essential programs and services. Your generosity of time, money, and spirit ensures that a safety net is always available should someone need a safe place to land. As our board and staff prepare for the next year, we want to express our deepest gratitude for your trust and assistance this past year. We look forward to transforming lives and providing the best care possible, with your enduring support, in the year to come.

Here for the decades ahead,

David Dulitz, M.D.
